

## **Annual Report (2018 - 2019)**

A noble idea, the expertise of a few brilliant minds, the trust of the parent community, the dedication of teachers and the hard work by students has turned this once-empty stretch of land into a prestigious institution that now stands tall as a centre of excellence in the field of education.

One has to keep on chipping meticulously and continuously to be amongst the creme de la creme of schools. For the past ten years, we have been committed to innovation and challenged ourselves to achieve higher goals and we are ever ready for the next big leap.

As we step into our decennial year, it is time to look back and introspect on our sojourn together in the past year. We proudly present to you the annual report of the year 2018-19.

### **Events Conducted:**

The year began ambitiously to create an atmosphere that nurtures curiosity and determination in students. A vast array of events were designed with this in mind.

The Annual Day on Karanakartha that involved around 750 students was an extravaganza of dance, drama and music all rolled into one. The programme reached the pinnacle of success with the synchronised efforts of the staff and students.

The students of the Kindergarten and Primary school celebrated their Annual Day. The show enabled the students to take directions, to be courageous and also brought out the best in them. The vision and the relentless hard work done by students and teachers were lauded by everyone who came to visit us.

The Annual School Project - The Alternative - provided the students with a platform to showcase their ability to convince that 'the alternative' can coexist with 'the traditional'.

Kovai Vizha was the theme of the year 2018-19 where a range of events and activities like logo making, heritage tours, temple visits and panel discussions were conducted throughout the year to celebrate 'Coimbatore'.

The second edition of the Youth Parliament was conducted for the students of classes 9 to 11. The purpose of this event is to develop the democratic ethos in today's Gen Z.

### **Sports:**

Be it be Cross-country running where the runners were forced to face everything that disrupts their stride, pace and focus, or the PSBB Premier League, the sports wing of the school left no stone unturned to train the students and as always, 'catch them young' was the mantra.

### **Co-Scholastic Activities:**

Over a hundred talented children took part in the second edition of the school's iconic music festival- Bhajan Sandhya. The Thiyagaraja Aradhana that is conducted every year has been instrumental in making a few students well-versed in the Pancharatna Krithis.

School Assemblies, General Assemblies, Class Projects, Club Activities and the various days celebrated: they are all carefully incorporated in the school calendar in order to to make every student think independently and thereby be confident individuals.

### **Opportunities Provided:**

" Talents are distributed in every child but opportunities are not".

At the PSBB Millennium, Coimbatore, we have created an amazing trampoline of opportunities for students to catapult higher in significant areas of academics.

#### ➤ gavel's club

In the present day, the ability to communicate smoothly directly decides our success as an individual and as a country. As part of this, the gavel's club aims at motivating the students to become efficient communicators.

#### ➤ milmun

In the second MILMUN session hosted by our school, about 263 Student delegates from over 12 schools in Coimbatore and other millennium group of schools participated in the programme. This programme enhanced the participant student's debating, analytical and critical thinking skills.

#### ➤ Aqmen

Inculcating the quest of knowledge in our students, our school successfully conducted the second AQMEN quiz competition.

Teachers empowerment programmes:

Being a teacher is learning incontinuum and staying updated is the key to successful transfer of knowledge. Our teachers attended several workshops and seminars to learn, unlearn and relearn appropriate pedagogical skills to engage the student community in a better manner.

Teacher's accomplishments:

Mrs GS Lakshmi, is one of the eight teachers from Tamil Nadu and the only one from Coimbatore selected by the MHRD to attend the second edition of the session 'Pariksha Pe Charcha' and interact with the honourable Prime Minister of India!

### **Achievements:**

Academic Achievements:

The class of 2019 held us spellbound with their remarkable performance in their tenth and twelfth board exams. Let us take a look at their outstanding results..

(\*insert slides showing the school toppers and their scores\*)

Sports achievements:

A healthy mind in a healthy body, goes the adage. Vigorous exercise and interest in games is an outlet not only to ventilate the mind but also for good health. Ample opportunities were provided to our children to play and prove their mettle in various sports and games at school, cluster, regional and national level competitions. Here are a few memorable achievements that will be long remembered..
