ACADEMIC EXCELLENCE:

‘Start where you are. Use what you have. Do what you can’- Arthur Ashe. The academic year of 2020-21 started on a challenging note yet proved to be fruitful to the entire teaching and learning fraternity amidst the pandemic.

I am very proud to say that we are blessed with, a team of well qualified, learned and empathetic teachers with a desire to share the love for their subject with the students. The pandemic has been a bliss wherein the faculty of teachers quickly adapted to the new normal, fostering the best in the students entrusted in their hands.

I feel honored to mention that, we had 100% results for the academic year of 2020-2021 in both Class X and XII. Our 21 students scored 90% and above, 21 students scored 80% and above and 24 students scored 70% and above. I extend my appreciation to my teachers for their untiring efforts and support. Also our students got admitted in IIT (Chennai), top Medical colleges & Engineering Colleges in India and Abroad for their higher studies.

PARENT TEACHER ASSOCIATION:

The PTA is a closed knit group comprising of equal representations from both the parent and teacher community. The meeting helped showcase the school achievements as well as the contributions from the parents in the upbringing of their wards.

TEACHER EXCELLENCE AND SUPPORT:

Orientation to the new normal was provided by our computer faculty and external resource. These helped our teachers to quickly adapt to the requirements of online education. They were also exposed to new vistas of learning through various webinars and online learning platform hosted by the CBSE and other private players. All these served as an impetus for teachers to rise to the occasion.

CUSTOMER PERCEPTION FEEDBACK:

The customer perception feedback and the parent teacher meeting also enabled us to meet the parents' expectations. It was a prestigious moment for us when the Bonjour Transforming Education (BNI) awarded our Principal Ma'am for keeping all stakeholders motivated and for the innovative methodology adopted in the online education platform. This award is evident of the effective functioning of the school despite the lockdown scenario.

ISO CERTIFICATION:

Ours is an ISO 9001:2015 certified school and we continuously monitor and assess the teaching-learning fraternity to ensure the standards are met.

CO-CURRICULAR AND EXTRA-CURRICULAR ACTIVITIES:

The vast richness of our culture was reflected through various activities hosted by the CBSE and in lieu with IMCTF. These activities developed the social, emotional, intellectual, moral skills and were much appreciated by the parent community. We made sure every student of the school participated and displayed his/her best in the field of their liking. The calendar was marked with numerous activities and we are overwhelmed by the cooperation extended by the parents.

“Tell me and I forget, teach me and I may remember, involve me and I learn.”- Benjamin Franklin. The educational project day was conducted in all the subjects based on the title “New Normal” and was well perceived by the learning community.
